Property Line	—[X]—		
Nonvisible Boundary or Feature Not Elsewhere Classified	—[X]—		

Where state, county, and/or MCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

1 A ' ' ' following an MCD name denotes a false MCD. A ' ' ' following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.

2 MCD boundaries are shown in the following states in which MCDs have functioning governments: Connecticut, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, and Wisconsin.

3 Place label color correlates to the place fill color.
